Tamil Nadu 641016

Senior Web Developer

PROFESSIONAL PROFILE

A broad-skilled professional with an experience of almost 6 years in Web / Wordpress Developer / UI / Web Developer. A key component of my success lies in the fact that I never limit myself to a particular technology as a Web and Graphic design skill and hence, I've always embraced new technologies.

- **Team Leadership & Management:** Led web teams through full project lifecycles, managing delegation, code reviews, and mentoring to ensure quality and meet deadlines.
- **End-to-End Project Delivery:** Deployed 35+ responsive websites across E-commerce and EdTech, managing complex CMS integrations and ensuring 100% design fidelity.
- **Client & Technical Coordination:** Acted as primary liaison, translating business requirements into technical specs to ensure seamless execution and project scope alignment.
- **Advanced UI/UX Implementation:** Architected complex front-end interfaces and custom WordPress themes, resolving cross-browser issues and optimizing legacy systems for mobile responsiveness.
- **Performance Optimization:** Led QA initiatives to boost site performance and SEO, significantly reducing load times and post-launch bug reports.
